

STANFORD HEALTH CARE - EMERYVILLE VISITING STAFF PARKING

Visiting Stanford Health Care - Emeryville?

Starting Monday, June 22, 2026, visiting staff who come to 5800 Hollis three days a week or less will have a new designated parking location. Staff whose primary Workday location is not based in Emeryville can park at 6100 Horton (Parking Garage 5) at no cost, with eligibility verification.

Stanford Health Care - Emeryville Visiting Staff Parking: 6100 HORTON (PARKING GARAGE 5)

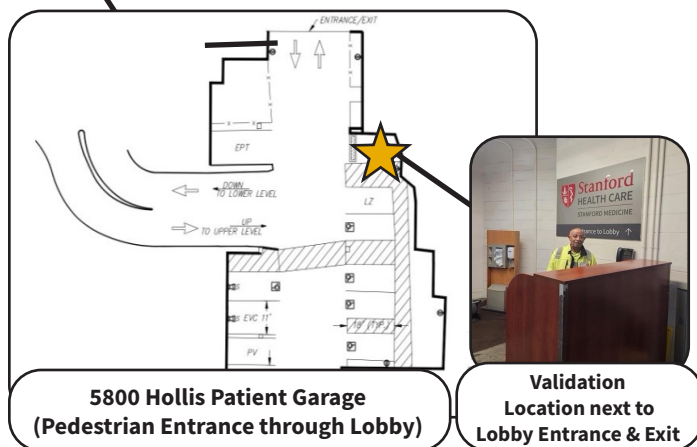

How it Works:

1. **Enter the garage**
 - a. Drive to 6100 Horton and pull a ticket at the entrance gate (entrance on Horton Street). Keep the ticket with you. Do not leave it in your vehicle.
2. **Park and validate your ticket**

After parking and exiting the garage, visit 5800 Hollis Patient Garage (Street Level) to have your ticket validated:

 - a. Eligibility is confirmed based on your primary Workday location
 - b. Validated tickets provide free parking for the full day
 - c. Staff are encouraged to validate early in the day to avoid delays when leaving (see map and image to the right for validation location)

Validation will be completed by a Transportation Services attendant at 5800 Hollis, exact location is shown on the map above. Validation will be denied if staff have their primary work location listed as Emeryville on Workday and/or come on site to Emeryville more than three days a week. Staff who don't validate their ticket will be charged the standard daily rate, \$30, to park. Validation hours of operation are 7:30 AM- 8:00 PM.

Staff who primarily work at Emeryville can apply for Staff Permit Parking (www.stanfordmedicinetransportation.org/emeryville-staffparking).
