Update on the Blake Wilbur Drive Roadway Extension Project

Blake Wilbur Drive is in the process of being extended to connect to Sand Hill Road and Welch Road.

Planning, Design, & Construction (PD&C) is extending Blake Wilbur Drive to connect it to Sand Hill Road. To accommodate this roadway extension, a portion of the 900 Welch parking lot was repurposed for the project.

The purpose of this roadway extension is to significantly improve vehicular circulation, bicycle, and pedestrian connections in the vicinity of the Stanford Medical Center. In addition, providing a new route for emergency vehicles and improved access to the outer Welch Road medical office building, the Advance Medicine Center, and the Blake Wilbur Outpatient Clinic.

Construction began in March 2023 and is set to continue until mid-fall of 2023.
