## Pasteur Staff Garage Improvements in Progress

No change to parking process at this time

Technology improvements are on the way at the 500P - Pasteur Staff Garage! Parking gate arms are coming soon to help automate and control capacity in the garage. These new gate arms will be able to read QR codes on a mobile device, opening up a path to a new streamlined process for staff parking at 500P.

At this time there is **no change** to the process of purchasing the daily Pasteur Staff Garage parking permit using the Passport Parking app. An announcement will be made before any changes are made to the permit purchasing process.

Staff who wish to park in the Pasteur Staff Garage should continue to purchase the \$8 daily permit via the Passport Parking App (Zone 1650) and show proof of permit purchase at the garage entrance.

The Pasteur Staff Garage has been filling up. Staff can also consider purchasing a daily or monthly ['A', 'C', or 'Z' permit](#) from Stanford University.

Have a 'Z' permit? Check out the above story to see how to park in the patient & visitor section of the Hoover Pavilion Garage.
