Night and Weekend Parking Enforcement in Stanford University Parking Lots & Garages Starts Monday, November 2nd, 2020

As of Monday, November 2, 2020, parking in Stanford University lots and garages will be enforced 24 hours a day, 7 days a week. Current valid University parking permits ('A', 'C', 'Z', or Motorcycle) will be valid 24/7 at no additional charge, and **no action is required for current permit holders.**

Hospital staff without a current University parking permit who need to park on campus after 4pm on weekdays or any time on weekends have two options:

1. Park in a hospital lot or garage listed above
2. Apply for a courtesy parking permit to park in University lots after-hours and on weekends. This courtesy permit is valid in 'A', 'C', 'Z', and Motorcycle spaces, as well as the visitor spaces in Roth Way Garage. The courtesies after-hours and weekend parking permit is valid between **4:01pm - 5:59am** Monday - Friday, and all day on **Saturday and Sunday**. Please apply using the Stanford University [virtual parking permit system](#).
