How it Works

1. Download the Stanford Medicine Parking app.
2. Set up your account and select "Off-Site SHC" in the department field. Account approval will be received via email in 3 business days.
3. Once approved, reserve hourly parking for the following day between 4:00 - 11:59 PM the evening prior. Reservations can be made up to 14 days in advance. Same-day reservations are available if there are open spaces.
4. Ensure you arrive within 30 minutes before or after your reservation start time. If you do not arrive within the 30 minute grace period, the reservation will be cancelled.

**Off-site staff in this context are defined as employees whose primary work location is outside the Palo Alto Hospital Campus. Remote staff are employees whose primary work location is home or another non-Stanford site, and who generally work virtually but may occasionally visit campus.*
